Dear Nick, Thank you so much for my lovely "mood" board! I feel the colours are completely right + that you have cleverly 'caught' my feelings + ideas for my entrance hall + stairs.

I have now taken up the horrible carpet in the hall + the floorboards are not quite as bad as I remember them. I will sand a small area before I decide whether or not to keep them or go for the delicious oak!

I have enjoyed your visit trying to winkle out what I really really want - it was good to work with someone so 'sympatic'!

Yours sincerely
Patricia
